

PROFESSIONAL EXPERIENCE

Distribution Analyst

PRAXAIR May 2018 - Present Peru

Distribution planner and supply coordinator for the two branches in Lima and our Pisco branch. I am in charge of the new monitoring software for controlling operations, improving operation's visibility in 80% . I manage the purchase orders for our transporting suppliers in Lima and North of Peru monthly. I analyze the statistical information about Peru operation to report to Brazil.

Distribution Trainee

TECNOGAS Jan 2018 - Apr 2018 Peru

Distribution planner for our eleven units in Lima. I was in charge of controlling daily operations KPIs of those units and reporting them weekly to business' director. Also, I controlled daily inventory and managed purchase orders and keep the documentary order of guides, invoices and others for a correct monthly closing.

Vice-President of Finance and Legacy

AIESEC Jul 2017 - Dec 2017 Peru

- Manage the cashflow for San Martin de Porres University.
- Co-create promotional fees with operations for increasing registration people.
- Co-organize and invest in educational cycles for members.

Vice-President of Human Resources

AIESEC Jan 2017 - Jun 2017 Peru

- Manage the selection process for new members in San Martin de Porres University.
- Organize and develop educational cycles for sales improvement.
- Mapp KPI development for new members.
- Plan and organize committe events for integration and education.

Operations Trainee

LETS CAKE BAKERY Jul 2016 - Dec 2017 Peru

Supply chain manager for new entrepreneurship. I was in charge of looking for new suppliers and purchases to improve daily operations. I managed to take our entrepreneurship for a national event in Lima, increasing in more than 50% our daily sales. I also prepared weekly operations reports to CEO for product placement projections.

SUMMARY

I consider myself as an achiever one. Everything I wanted, I am used to work harder to get it: finish my university, getting my first job. Every lost I got was a new opportunity to improve myself.
